

EVERCO[®] HD

Full-Line, Full-Service Heavy Duty HVAC Supplier

Everco[®] HD manufactures and distributes a comprehensive line of replacement mobile climate control products. We are the largest aftermarket mobile climate control parts supplier in the industry and the largest compressor remanufacturer in the world. Our customers can expect a quality product that is tested, validated and inspected by a team of engineers and design techs. Being a basic manufacturer, and not simply a distributor, sets us apart from the majority of other suppliers in the market.

Everco[®] HD maintains a quality standard that upholds our reputation as an OEM supplier and industry leading manufacturer. Our unique value propositions and continuous improvements for all aspects of our business keeps us ahead of the competition. We offer quality manufacturing, research and product development, innovative new products and value added services such as a technical help line and customer service that's second to none. At Everco[®] HD, we provide our customers with quality HVAC products they can depend on and service they can trust.

Manufacturing to OEM Standards

Being a basic manufacturer means having control over the quality of the products in the line. The Everco[®] HD engineering team works closely with manufacturing to ensure all Everco[®] HD parts meet O.E. fit, form and function. This also means Everco[®] HD is able to provide industry leading coverage in fewer SKUs, giving customers inventory value and shorter lead times.

Basic Manufacturer of:

- Compressors
- Accumulators/Filter Driers
- Hose Assemblies
- Blower Motors
- Thermal & Electronic Fan Clutches
- Oil Coolers
- Switches

Everco[®] HD provides superior quality products with extensive coverage, leading edge manufacturing and distribution capabilities to ensure jobs are completed quickly and correctly.

Catalog & Tech Support

Everco[®] HD offers a technical service hotline that allows our customers to receive first hand interaction with an ASE certified technician. Our technical team resides at the corporate training center and works closely with our trainers to keep their knowledge and expertise up-to-date.

For Technical Assistance, call 1-866-502-0068 and use Preferred Customer Code 91900.

Training

Developed by professionals focusing on the professional technician, we develop training to suit our technicians' needs. Covering today's hottest topics, we meet technicians in the classroom, online, and on social platforms to help them be more successful and profitable by helping them repair vehicles right the first time.
